Friday, August 16

12:00–1:30pm | [Register here](#)

Home to Hospital to Home Transitions Guideline Elements

Learn About Collaborative Transitions

Are you currently doing work within Primary Care related to Home to Hospital to Home transitions? Are you interested in learning how you can work collaboratively with acute care across the H2H2H Transitions Guideline elements? If so, **please join us for a workshop!**

This workshop will involve looking closely at examples of implementation strategies and resources available for the following elements:

Confirmation of primary care provider

LACE score for transition planning and scheduling follow up appointments

Discharge summary

Follow-up to primary care
